Thank you for your request for information under the Freedom of Information (Scotland) Act (2002).

I now respond to your request as follows:

1. What technology is currently used by the college for its network infrastructure?

The College network comprises of switches, routers, firewalls, structured cabling and WAN technologies, supplied by various vendors.

2. When is the next IT network refresh scheduled to take place?

Network devices have lifespans of differing end-dates and will be replaced when vendor product support expires, and financial resource is available. College Contract information can be found at College Procurement - Glasgow Kelvin College.

I trust the above response meets your request for information in full.

Should you be unhappy with the College's response you may seek a review, by writing to Joanna Campbell, Principal at foi@glasgowkelvin.ac.uk. Your grounds for seeking a review should be included in your request.

I also wish to advise you that the Scottish Information Commissioner has launched an online appeals service via their website – the link is as follows:
